

CONCERN AFTER IRAN
"WARHEAD" REPORT

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from Indiana (Mr. BURTON) is recognized for 5 minutes.

Mr. BURTON of Indiana. Mr. Speaker, one of the biggest problems facing the Middle East and the entire world is the nuclear development program that Iran is involved in right now.

The International Atomic Energy Agency in just the last few days has said that Iran is probably developing a nuclear warhead that they could use at some point in the future as their nuclear development program continues to expand. They have 3,000 or 4,000 centrifuges over there refining weapons-grade nuclear material right now.

The reason this is important is because it not only affects the United States and our capability to provide energy for this country that will be very important for our economy down the road, but our biggest ally and friend in the entire Middle East is Israel, and Israel right now does not yet have the capability to hit a major underground nuclear development site that may be developing a nuclear warhead that could destroy Tel-Aviv, could destroy much of Israel and kill millions of Israelis who are friends of ours and great allies.

It is extremely important that this administration do everything they can to support the Government of Israel in order to make sure that they have the capability and the ability to stop Iran's nuclear development program when it starts to imperil and jeopardize the entire Middle East.

Our energy sources that come from there, maybe 35 percent of our entire energy is dependent on the Middle East. If we have a conflagration over there, it is really going to hurt us, but it will hurt our great ally Israel even more. That is why we need to tell Prime Minister Benjamin Netanyahu that we support him, and we are going to give him the material and the equipment necessary to deal with Iran should they continue down this path, and that means the bunker busting bombs that will be able to go down 50, 75, 100 feet underground or maybe 150 feet into a mountainside to knock out a nuclear development program if it imperils the existence of Israel or threatens the entire Middle East.

I can't stress how important this is. The leader of Iran, Mr. Ahmadinejad, has said numerous times that he wants to see Israel wiped off the face of the Earth. They are developing a nuclear weapons program, and now the IAEA is saying that they are developing a nuclear warhead that will be able to strike should they be able to use their missile program. So we have to pay real attention to what is going on over there and give Israel the ability to do what is necessary, and we should support them in every way possible. If we don't do that, we are going to rue the day that they finish that nuclear development program in Iran.

Bibi Netanyahu is going to be here before too long speaking here in the United States. I hope that the President will reach out to him and say, We are going to give you all the tools necessary to be able to stop the nuclear risk that Iran poses over there if we have to do it. The United States and President Obama should work with Mr. Netanyahu to make sure that we get that job done. We certainly don't need a terrorist state like Iran developing a nuclear weapons program with a delivery system that could deliver a nuclear warhead.

CORPORAL DUSTIN LEE
MEMORIAL ACT

The SPEAKER pro tempore. Under a previous order of the House, the gentleman from North Carolina (Mr. JONES) is recognized for 5 minutes.

Mr. JONES. Mr. Speaker, I have introduced H.R. 4631. The text is "to authorize the adoption of a military working dog by the family of a deceased or seriously wounded member of the Armed Forces who was the handler of the dog." This act may be cited as the "Corporal Dustin Lee Memorial Act."

Mr. Speaker, 2 years ago, it was brought to my attention that a family in Mississippi, Rachel and Jerome Lee, their son, Dustin, a marine, was killed in Iraq for this Nation. Also with Dustin was his dog, Lex, who was wounded. In fact, the Marine Corps brought the dog, Lex, to Dustin's funeral.

Mr. and Mrs. Lee gave their son for this country, and all they asked of this Nation was to please let them have Lex, the dog that their son, Dustin, loved so much. Well, we all live here in Washington in a bureaucratic world, and there is some reason I guess for that, but the Marine Corps said to the family that Lex has 2 more years of service before he can be retired.

I heard about this story, and I called Mr. and Mrs. Lee in Mississippi. They told me, Congressman, we understand that this dog is very important to the cause of our Nation, but this dog meant so much to our son that that's all we would like to have. Well, I want to thank General Mike Regner, who I

called and asked General Regner, is there any way we can expedite the retirement of Lex? And he said we will do our best to make this happen.

Well, these dogs that are trained work magnificently for this country. In fact, they give their lives many times to save a service person by seeking out these IEDs and other explosives. Well, it took about 3 weeks—that is not a whole lot of time, it really is not, but I think in the situation of these dogs, when the handler is killed for this country or seriously wounded, that we should be able to expedite this small gift to the family.

I will say to my colleagues, I am going to send a "Dear Colleague" around in the next few days that the Department of Defense has worked with us on. They support this legislation, so I hope that my colleagues will join me, and let's move this legislation through the House I hope expeditiously.

Mr. Speaker, this is a photograph taken by the family. When they got Lex home, they let Lex remember Dustin by having his clothes and his boots that had been returned from Iraq, and they let Lex remember the fragrance of their son. Then they took Lex to the cemetery—this is a rather large cemetery—and they said to Lex, Find Dustin, find Dustin. And the dog ran around the cemetery and then came up to the headstone. This is the headstone. It is a picture of their son Dustin with Lex. Dustin is kneeling and Lex is sitting there beside him. Lex came up to this headstone and laid down beside the headstone.

So with that, Mr. Speaker, I will ask my colleagues, please join us in H.R. 4639. This is the least we can do for the family or the wounded individual.

Mr. Speaker, as I always do, I ask God to please bless our men and women in uniform. I ask God to please bless the families of our men and women in uniform. I ask God, in His loving arms, to hold the families—like the Lee family—who gave a child dying for freedom in Afghanistan and Iraq. And Mr. Speaker, I will ask three times from the bottom of my heart: God please, God please, God please continue to bless America.
